

LAUREN BRUNOV, CONSULTANT

Lauren is a Consultant at Oyster Consulting, having joined the Oyster Team in April 2010. Prior to this, she was an Analyst at Deloitte within the Assurance and Advisory practice. She had previously worked as a financial advisor within the Commonwealth Bank and had undertaken her tertiary studies in commerce at the University of Western Australia.

Lauren has almost four years professional experience in external audit and risk advisory services. In external audit, Lauren worked on financial statement audits and co-ordinating engagements within Deloitte's Audit division. She worked across a variety of industry sectors and was involved with clients such as Exxaro, NRW Holdings, GBS Gold, Enerflex, Department of Public Transport, Otraco, and Works Infrastructure. Lauren's role on these engagements included planning, conducting fieldwork, sample testing and report writing.

Lauren's strengths include a logical and an analytical approach to problem solving and strong business acumen. In Lauren's short time at Oyster, she has provided analytical support for the Capacity Planning team within Integrated Planning at Rio Tinto Iron Ore.

Outside of work, Lauren enjoys keeping fit, travelling just about anywhere and cooking up a storm.
